Mr Bernard Evans
En tout cas
143 Herald Street
Cheltenham 3192

Dear Bernard,

I would like to acknowledge the fantastic job En toutcas has done installing the Poligrass Eco-Turf and Supergrasse at Ormond Primary School. The efficiency and friendliness of the staff and the minimal disruption to the school during the process was much appreciated.

We have had a notable reduction in visits to our first aid room to treat cuts, grazes and other injuries since the installation of these surfaces. There have been many positive comments about our school grounds from school parents and the wider community.

I would highly recommend En tout cas to any organisation who wishes to undertake this type of project.

Regards

Glenn Butler
Principal
