

CUSTOMER SUCCESS STORY

KOROWA ANGLICAN GIRLS' GRAMMAR, GLEN IRIS, VICTORIA

Landscaping Area's Transform School Appearance

Grassports Australia was awarded the work at Korowa Anglican Girls' School because of our strong existing relationship with the school through past jobs we have completed.

Grassports excavated the natural grass and soil to a depth of 100mm. We then supplied and installed a compacted crushed rock to a depth of 90mm with a 10mm dust levelling layer.

Finishing by supplying and installing Urban Turf Windsor. The new areas brighten up the school appearance and have given the students a wonderful outside area to enjoy at recess with active play spaces.

Fun environments for active people!
